Topics Menu

Creature Feature

Uncover the wild side of the park!

Dive into the lives of our ambassador animals, from shiny bugs to slithery reptiles. Great for families and budding naturalists.

Creek Exploration

Get your feet wet and your minds curious.

Hands-on discovery in the stream: macroinvertebrates, water quality, and maybe even a crayfish or two.

Geology

Rocks tell stories—let's read them together.

Explore the ancient history beneath your feet. Fossils, formations, and the forces that shaped Indiana.

Discover Nature, Curiosity, and Community—Your Way!

At Hendricks County Parks, we offer a variety of engaging programs designed to spark curiosity and connect people with the natural world. Whether you're tracking wildlife in Creature Feature, splashing into science during Creek Exploration, uncovering Earth's secrets in Geology, or enjoying seasonal fun with Not So Spooky!, there's something for every age and interest.

Don't see a topic that fits your group's curiosity? Reach out! We love crafting custom programs tailored to your interests—whether it's pollinators, trees, nature crafts, or something entirely new. Let's explore together.
